Art Van PureSleep will not be responsible for dye lot, texture, or color variations in the case of replacement mattresses. Some stains may require more than one cleaning. This warranty is considered fulfilled once original mattress is replaced.

THIS PROGRAM DOES NOT APPLY TO:

Wear and soiling from day-to-day use over time, stains caused by corrosive liquids, acids, bleach, or such dyes as paint, permanent markers, newspaper print and clothing dye, or stains caused by incontinence or repeated incidents. Excessive stains. Such substances as, but not limited to, adhesives, gum, wax and tar. Mishandling, abuse, misuse, neglect, shrinkage, improper cleaning, washing or drying, odors, noises, pet damage from teeth, beaks or claws. Internal components of mattress. Foundations. Mattress stains occurring while mattress protector is not in use on mattress. Commercial applications, including use in home day care environments. Mattresses, foundations or protectors in storage. Old mattresses or mattresses not purchased from Art Van. Failure to comply with the manufacturer's warranty.

Keep in mind that no protector can prevent general or normal soiling, and protectors do not eliminate the need for routine mattress care and washing of the mattress pad. While Art Van Protectors resist staining and dry soiling, this warranty covers stain resistance only — not soiling. Soiling is defined as buildup of dirt, body oils, liquids and perspiration that cannot be attributed to a single occurrence.

HEALTH/WELLNESS BENEFITS OF A MATTRESS PROTECTOR:

Every night while asleep, you perspire and lose skin flakes, attracting microscopic dust mites and bacteria — major causes of asthma, eczema and allergies. Having a mattress protector will keep your mattress clean and free of these harmful allergens.

ADDITIONAL BENEFITS:

- Repels liquids and stains
- Breathable layer allows proper air to flow
- Adjustable base friendly
- Protects against dust mites and allergens
